

Home Fire Escape Plan

**American
Red Cross**

Use the graph to draw your home's floor plan, and plot your home fire escape routes.

Tips for creating and practicing your escape plan:

- Everyone in your household should know *two* ways to escape from each room in your home.
- Decide where to meet once you get outside.
- If a fire starts, you may have just **two minutes** to get to safety. So time your fire drills and find out: what's your escape time?

-
- Smoke is dangerous. Practice low crawling.
 - Teach household members what to do if their clothes catch fire: stop, drop and roll.

If a fire starts in your home, get out to safety, then dial 911.

Or call your fire department's emergency phone number:
