

## ADGP \$500K Member Digital Engagement Toolkit

Thank you for being a \$500K member of the American Red Cross Annual Disaster Giving Program. We have created a new suite of digital resources specially for our members to showcase their support to your stakeholders. Below you will find templated communication resources to share with your employees, on social media and with other stakeholders.

Thank you for your steadfast support of the American Red Cross mission — we could not provide help and hope to survivors of disasters without generous ADGP members like you.

## Leadership Thank You Message

**Share the following message from Anne McKeough, Chief Development Officer, with your internal audience, via email or on your intranet.**

**This message is for *internal use only*. For a quote to share on your external channels, please contact your relationship manager.**

Thank you for helping people affected by disasters big and small across the country as a member of the American Red Cross Annual Disaster Giving Program (ADGP).

ADGP members like [Company], along with your employees, are truly extraordinary because you understand the importance of having vital resources in place before a crisis strikes — and that's now even more critical as disasters like hurricanes, wildfires and storms are increasingly frequent and intense. In the face of the climate crisis, we continue to see more severe disasters, more often, and are extremely grateful for these forward-thinking donors who ensure we can grow our capacity to help people across the country in their darkest hours.

[Company]'s advance commitment to disaster relief powers our work to deploy teams at a moment's notice, wherever and whenever we're needed, and help families and communities recover, become better prepared, and more resilient to future disasters. Your support allows us to deliver our lifesaving mission every day.

Thank you for helping make our disaster relief work possible. Your generosity means the world for those facing their darkest moments.

Anne McKeough, Chief Development Officer

## Preparedness Messaging for Employees

Share the message below with employees via email or post on your intranet to help them prepare for disasters.

*If you would like more specific information to share with your employees at key times of year (e.g. hurricane season, National Preparedness Month), including social posts and employee communication templates, please visit the [ADGP Membership Hub](#).*

Disasters can happen at any time — that's why it's essential that you and your family are prepared. Our partner, the American Red Cross, encourages you to take these three simple steps to ensure you know what to do if the unthinkable happens:

1. **Get a Kit.** Build your [emergency kit](#) with a gallon of water per person, per day, non-perishable food, a flashlight and a battery-powered radio. Also include a first aid kit, medications, supplies for infants or pets, a multi-purpose tool and personal hygiene items. Don't forget to add copies of important papers, cell phone chargers, blankets, maps of your area and emergency contact information.
2. **Make a Plan.** Do you know what to do if you are separated from your family during an emergency or what to do if you have to evacuate? If not, make a [plan](#) today that takes into account your child's school, any pets in your household, your work and your community's emergency plans.
3. **Be Informed.** Plan to [stay informed](#) by finding out how local officials will contact you during a disaster and how you will get important information, such as evacuation orders.

You can also download the free Red Cross Emergency app for expert tips and useful tools to help keep you and your family safe during a disaster. To learn more, visit [redcross.org](https://www.redcross.org).

## Getting Help for Employees

Use the below template and share with employees who may need assistance or resources during a disaster.

[Insert message about current disaster]

As a proud member of the American Red Cross Annual Disaster Giving Program (ADGP), since **DATE**, **COMPANY** has made an annual contribution to the Red Cross in advance of disasters, powering the organization with strong infrastructure, innovative technology and critical resources necessary to provide relief and support to those in crisis. This pre-investment ensures the Red Cross is prepared to meet the urgent needs of people affected by disasters big and small, anytime and anywhere across the U.S. **As a COMPANY employee, you are part of these efforts, too, and we want to thank you for helping all of us be there for individuals and families in their times of greatest need.**

Our hearts are with all our employees who have been impacted by **[Disaster]**. If you have been impacted, the resources below are available to you to get help. We know that many of you have asked how you, too, can help. Below are some ways that you can channel your generosity at this time.

### How You Can Get Help

- If you are in immediate need of help, please [contact your local Red Cross](#) or [find an open shelter](#). You can also call 1-800-RED CROSS for assistance.
- [Find shelter](#) if you need to leave your home due to a disaster or emergency, for a safe place to stay, food, water, basic health and emotional services and more.
- Download the [Red Cross Emergency App](#) for real time access to shelter locations, weather alerts, preparedness information and safety tips.
- Take the first steps after an emergency with Red Cross [recovery resources](#).

### Best Ways to Help

- **Make a Financial Donation.** After a disaster, financial donations are the quickest way to help people in need. If you're able, please make a gift to support disaster relief here **[Company microsite, if one or [redcross.org/donate](https://www.redcross.org/donate)]**.
- **Give Blood.** The Red Cross depends on volunteer blood donors for lifesaving blood each and every day — not only following disasters. You can schedule a blood donation appointment at [RedCrossBlood.org](https://www.RedCrossBlood.org).
- **Volunteer.** Volunteers carry out 90% of the work of the Red Cross. We are always looking for more trained volunteers to help with sheltering, health services and other urgent needs. Learn more about their most needed positions and sign up by visiting [redcross.org/volunteertoday](https://www.redcross.org/volunteertoday).
