Be Red Cross Ready, a program of the American Red Cross.
The Red Cross Emergency App is a mobile app that allows users to log in to their Red Cross Safe and Well Website. The app provides a way for people to check on loved ones, find shelters, and receive updates on their area.

The app also includes a feature to send emergency messages to friends and family. The Red Cross app is available for download on both iOS and Android devices.

The Red Cross Emergency App is available for download on the Apple App Store and the Google Play Store.

The Red Cross Emergency App is a powerful tool for disaster preparedness and response. It is available to anyone who wants to stay informed and connected in times of crisis.

The Red Cross Emergency App is available for download on the Apple App Store and the Google Play Store.
