THE EVENT

Ride for the Red was created by passionate, local volunteers eager to share the story and history of the American Red Cross Service to the Armed Forces. The event is powered by a committed group of volunteers each year and includes:

- 200+ Participants riding in 30-, 65- and 100-mile routes
- 180 Volunteers staffing rest stops, providing snacks and meals to riders, managing all logistics and leading the way for the event each year
- Music, lunch and a gathering place for participants to enjoy after they've completed the ride

SERVICES FOR MILITARY AND VETERAN FAMILIES

All proceeds from Ride for the Red benefit the Red Cross Service to the Armed Forces Program. For over 140 years, the American Red Cross has stood beside our heroes. Since 9/11, the Red Cross has served more than 1 million military families. The Red Cross is the only military service organization that supports military families from the day they enlist through their time as a veteran and includes the following services:

Emergency Communications

All day, every day the Red Cross relays urgent messages to service members stationed anywhere in the world, even on ships at sea, at embassies and even remote locations. This can include good news like the birth of someone's child or information about the death or serious illness of an immediate family member. Red Cross workers verify the information in the message and relay an accurate and complete description of the emergency to the member of the military. While some information can be relayed via email or a phone call from home, the Red Cross information assists the person serving in the military and their commanding officers when making decisions regarding emergency leave.

Deployment Services

Since 9/11, service members have faced multiple deployments to conflict zones around the world. Transitioning back home can be hard, and many service members and veterans have experienced challenges readjusting into life with their families, their jobs and their communities. This Red Cross program aims to help ease that transition with workshops designed to re-engage service members and veterans in civilian life.

Veterans Programs

The Red Cross offers confidential services to all veterans and their families by connecting them with local, state and national resources through our network of chapters in communities across the United States and offices on military installations worldwide. Red Cross volunteers serve in Veterans Administration (VA) and military hospitals across the nation and around the world by providing vital assistance in the areas of rehabilitation, recreation, administration, and personal services to veterans.

Financial Assistance and Information Referrals

The Red Cross offers confidential services to all members of the military, veterans, and their families by connecting them with local, state and national resources through our network of chapters in communities across the United States and offices on military installations worldwide. Assistance can include funds for emergency travel, burial of a loved one, emergency food and shelter, etc.
