

Ivory Salmon

Ivory is Vice President, Business Banking Relationship Manager at KeyBank. She began her career in 2003 in the Chicago Market. Her work in the Indiana Market began in 2012.

As a KeyBank Business Banking Relationship Manager, Ivory's role is to advocate for and provide financial resources for mid-sized companies across Indiana. This includes capital resources used to fund commercial real estate, business acquisitions, franchise start ups, leasehold improvements and equipment. Ivory's unique approach as a consultative advocate for her clients differentiates her in the Marketplace. She does this by providing customizable industry vertical specific recommendations to her clients.

Ivory has over 19 years in financial service experience. Namely in Retail Banking, Investment Banking and Business Banking. She leads Key Bank's Key4Women program for Central Indiana and is a committee member for Key Bank's National Diversity Equity and Inclusion program.

She has held various leadership roles for banks such as Bank of America and JP Morgan Chase where she has been nationally recognized for her leadership and service in the community.

Ivory attended the University of Illinois at Chicago where she majored in business administration.
