

Dominyse Carey

Dominyse Carey is a Muncie-born native. She attended the Indiana Academy of Science, Mathematics and Humanities in Muncie and graduated in 2011. Her college career began in 2011 at Ball State University. She graduated in July 2015 from Ball State with her Bachelors of Science in Nursing and became a Registered Nurse. The following month, Dominyse returned to Ball State to complete her Masters of Science in Nursing and has been a Family Nurse Practitioner since 2018. She began in the medical field in 2013 as a Certified Nurse Aide and has worked in multiple areas of nursing such as long-term care, home health, and acute inpatient care. She is certified by the American Association of Nurse Practitioners and is currently working in the primary care setting. Dominyse will graduate from Indiana State University in May 2021 with her Doctorate in Nursing Practice.

Dominyse is a mother of two children, Camryn (7) and Carter (2). Outside of working and school, Dominyse is very invested in her daughters' extracurricular activities. She also really enjoys DIY crafts, reading, and making home improvements. She was co-owner of a home health care company in Muncie until 2021. She is also a CPR instructor for both the Red Cross and American Heart Association. Lastly, she is a member of the Muncie Juneteenth Committee and uses this position to not only connect with her community, but provide positive, educational opportunities.

Now that she is finished with her schooling, Dominyse wants to become very involved in her community. She believes that in her community there is a need for education in regards to healthcare, equality, and community resources. She would like to work on diversity and inclusion with the Red Cross, in addition to the main Red Cross objectives.
