

WELCOME TO THE **BOB COLLINS** GOLF CLASSIC

4-BALL RULES

On each hole, each team member hits his/her tee shot, then the team can determine which player's tee shot the team will play. Following the tee shot, "best ball" rules will apply until the team holes out. The procedure repeats on each hole. Record the TEAM score only.

➡ **OPTIONS: MULLIGANS, STRING, AND "RED TEE":**

Mulligans (\$5 each or 5 for \$20)

Mulligans may be used anywhere on the course.

String (20 feet for \$20)

String may be used to move a ball anywhere except on the tee. Players purchasing string may move their ball a total of 20 feet throughout the round. For example, use 10 feet of string to move a ball on the green and you still have 10 feet of "movement" left to use later. Players use the honor system to determine how much string they have left to use.

Hole 5 "Move Up to Red Tee"

For the Par 5 fifth hole, players may opt to purchase a "move up" to the shortest tee-box, reducing the 600+ yard hole by more than 150 yards. Cost is \$40 per team (\$10 per player) and all four players must agree to participate. Move-up is optional and team may choose to play Hole 5 to its full length. Teams opting to pay to "move up" will report to the Servpro table alongside the fairway to be shown where to tee off from.
