Overall Questions

Are you an athlete with special challenges?

We value the entry of athletes with challenges who require support/guides for safe movement on the course. In addition to the wheeled division, athletes with disabilities can be guided. These include Charcot Athletes who will start with the wheeler division as well as Guided Athletes. While we do not assess a registration fee to the guide, the guide will still need to fulfill the registration process to gain entry to the event. However, athlete perks such as shirts, medals, awards, etc. are not provided to these guides with complimentary registration. Email info@glasscitymarathon.org with any questions.

GUIDES:

- The purpose of the guide is to ensure safety to their athlete.
- Guides are expected to remain with their athlete at all times.
- Guides will receive a GUIDE BIB for display on their back.
- Course placement shall be based on average expected pace unless the athlete is pushed at which case these athletes will begin prior to the event with the wheeler category.

SUPPORTING CHARITY

Western Lake Erie Chapter of the American Red Cross

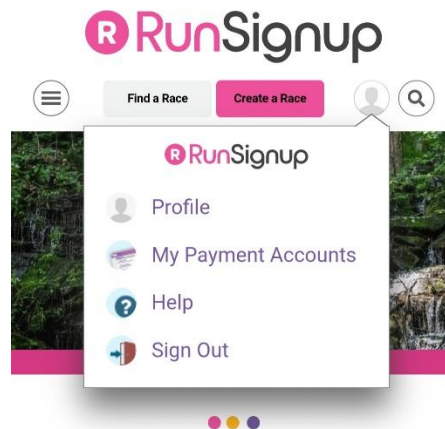

Please support the Western Lake Erie Chapter of the American Red Cross Home Fire Campaign

The American Red Cross Home Fire Campaign is a nationwide initiative dedicated to reducing home fire-related injuries and fatalities by promoting fire safety awareness and implementing preventative measures. Launched in 2014, this program focuses on vulnerable communities and offers free smoke alarms installations, fire safety education, and emergency preparedness resources. Trained volunteers and community partners collaborate to identify at-risk neighborhoods, assess fire safety needs, and empower residents with the knowledge to create and practice escape plans. By combining education, outreach, and the distribution of life-saving tools like smoke alarms, the campaign strives to mitigate the devastating impact of home fires, ultimately saving lives and fostering resilient communities across the United States. Since launching the Home Fire Campaign, we have installed 11,779 smoke alarms across the Western Lake Erie Chapter, making 3,998 homes safer for more than 10,000 people.

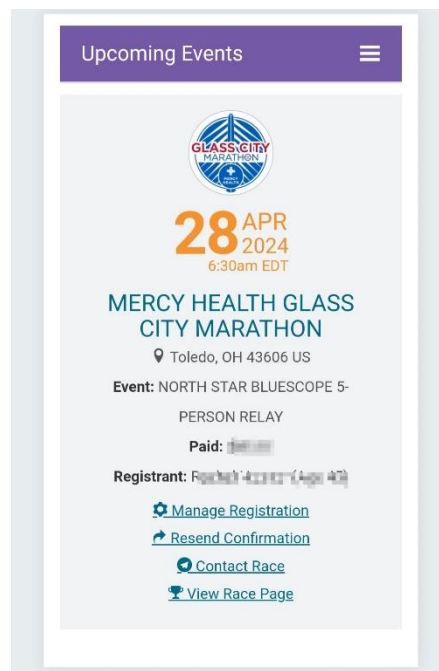

Your generous sponsorship will support our efforts to reduce home fire-related injuries and fatalities across Fulton, Henry, Lucas, Monroe (MI), Ottawa, Sandusky, and Wood Counties.
