Joining a team

After selecting "Join a Team," find the team you would like to join by using the dropdown menu or by typing the team name into the search field.

Please note that all race bibs and event shirts for team members will be packaged together and distributed as a single pickup. For this reason, only join a team if you know the team members or have confirmed that you should be part of that team.

Worried about not knowing anyone at the race? No worries! Many participants register as individuals and make new connections on race day. Whether you join a team or participate on your own, you'll be part of a fun and welcoming event community.

Next, you will enter registration information for each runner individually.

For example, if you are registering five participants, you will be asked five separate times to provide the **runner's name, contact information, and any other required details.**

If a runner's registration package includes a T-shirt, you will also be asked to select their T-shirt size. This question will appear for each participant who has purchased a package that includes a shirt. If a runner's package does not include a T-shirt, the shirt size question will be automatically skipped. **Orders placed on or before October 15th are guaranteed to receive the requested size. After October 15th, shirt sizes will be available on a first-come, first-served basis** and may be limited based on inventory.
