

CPR/AED for Professional Rescuers

Foundational Resuscitation Skills to Enable Better Outcomes

Your work environment can go from routine to life-threatening at a moment's notice. Our high-quality, flexible CPR/AED for Professional Rescuers (CPRO) training empowers you to confidently deliver the best possible care to the communities you serve.

From assessing needs to responding to life-threatening emergencies to administering care until more advanced medical professional care arrives, our comprehensive CPRO course provides the critical lifesaving skills you need through lecture, video and hands-on training based on real-life rescue scenarios.

Program Highlights

Recognition and assessment of injured person who is experiencing life-threatening cardiac and breathing emergencies

Learn how to respond with multiple-responder CPR using an AED and bag valve mask

Understand when and how to use an AED and bag valve mask in adults, children and infants

Course format and times: Instructor-led is 6-hours or Blended Learning is 2 hours online and 4 hours in-person

This two-year certification course meets local and state regulatory requirements

Our streamlined, time-efficient courses use adaptive, personalized learning to allow a more focused approach to skill application and practice that improves skill knowledge and mastery

You may be called on to save a life. Learn how you can start your CPRO training today.
